About Create 3 Architecture

Create 3 Architecture (C3A) is a creative and nimble professional limited liability architecture firm that defines its success on the interpersonal relationships it cultivates during and after an architectural project. C3A is innovative, efficient, meticulous and is extremely creative within budgetary boundaries to ensure success of the Owner, Project Team, and Community.

Core Competencies

Architectural Design, Construction Documents, and Engineering of:

- Medical Projects
- Assisted Living projects
- Memory Care projects
- Independent Living projects
- Multi-Family projects
- Office/Admin. projects
- Manufacturing Projects
- Municipal projects
- Child Daycare projects
- Retail/Hospitality projects
- Faith-Based projects
- Adaptive Re-Use

Differentiators

C3A is a client-focused architectural firm that utilizes a “blue-collar” approach to the industry where hard work and strong principles take precedence. All members of this boutique firm embrace the team mentality in design and construction and believe the success of the firm is a direct result of meeting and exceeding the Client needs.
